

LAZY MONEY

POTENTIAL COST OF LIQUIDITY - \$100,000

INFLATION IMPACT ON PURCHASING POWER

HYPOTHETICAL CASE STUDY

○ Interest-bearing Account (0.10%)
○ Inflation (3.5%)
○ Cost of Liquidity

Assets earmarked for retirement in money market accounts, checking accounts, savings accounts, or even CDs can be greatly impacted by inflation. Keep in mind, money set aside for emergencies, upcoming planned purchases, and everyday living expenses should remain easily accessible in liquid accounts.

The above illustrations represent hypothetical examples based on assumptions given.

Investment advisory and financial planning services are offered through AlphaStar Capital Management LLC ("AlphaStar"), a SEC registered investment adviser. Hollifield Financial Group and AlphaStar Capital Management, LLC are separate and independent entities. The firm only transacts business in states where it is properly registered or is excluded or exempted from registration requirements. Hollifield Financial Group offers insurance products through individuals licensed to sell insurance. Comments regarding guaranteed returns or income streams refer only to fixed insurance products offered by Hollifield Financial Group and, unless specifically stated, do not refer in any way to securities or investment advisory products offered.
